Can Heavy Luggage Affect Your GR 150 Footrest Perf

Autor: William David - 2026/10/29 18:53

I often carry a small travel bag on my Suzuki GR 150, and I am wondering whether its position could interfere with the passenger footrest. Before installing a suzuki gr 150 3 pcs footrestsuzuki gr 150 3 pcs footrest, I want to make sure the new setup leaves enough room for luggage straps and comfortable foot placement. I am also concerned about accidentally placing extra weight on the footrest brackets. Has anyone experienced fitting problems when using a footrest set with touring luggage?
