What are the most reliable vermont book publishers

Autor: rickymoore - 2026/05/13 23:38

Hi everyone, I’m trying to find the vermont book publishers for my first book and wanted to ask for honest community advice. Which publishers in Vermont are actually trustworthy for new writers? What services do they usually offer, and how do they handle editing, royalties, and rights? Why do some stand out more than others? I’d really appreciate serious and real experiences or suggestions from you all.
