The 2JZ-GTE engine for sale is more than just an engine — it’s a legend. With its 3.0L inline-six design, dual overhead cams, and sequential twin turbos, it delivers an exceptional balance of power and smoothness. From the factory, it pushes around 280–320 horsepower, but with upgrades, it easily exceeds 800 hp. If you’re looking for reliability and extreme performance, our 2JZ-GTE engines for sale are tested, guaranteed, and ready to power your dream build. Find a premium 2JZ-GTE engine for sale and bring legendary Supra performance to your next project. Built with a robust iron block and aluminum head, this twin-turbo masterpiece is designed for boost. Whether you’re building a drift car, drag racer, or street sleeper, the 2JZ-GTE engine for sale gives you the flexibility to customize your performance. Our engines are sourced from trusted suppliers, quality-inspected, and ready to deliver serious horsepower.
