Hi everyone,
I recently tried a Morning Desert Safari Dubai and it was an amazing experience! The early morning weather was perfect, and the desert sunrise was beautiful. We enjoyed thrilling dune bashing, a short camel ride, and even tried sandboarding.

It’s less crowded compared to evening safaris and great for a quick adventure. I booked from here: https://tripatours.com/morning-desert-safari

Highly recommended if you’re visiting Dubai! Anyone else tried it?
